

## Simple Payment Processing Designed Exclusively for CPA Firms

**Your days of worrying about a client's check "in the mail" are over.**

**Make it easy for your clients to pay their invoices online with CPAPay's client-friendly payment solution.**

## Accept Payments Instantly Without the Hassle or Hidden Fees

Getting paid has never been easier. Your clients can pay their invoices from any device with an Internet connection, and you get access to your funds within 48 hours.

There's no contract term, so if you're not happy, cancel any time.

### Zero AR

Automate your accounts payable and go from 80% to 98% collection and realization overnight. Setup payment plans with clients, handle recurring billing, one-time payments and much more with CPAPay.

### Seamless Integration with ImagineTime and Mango Billing

CPAPay seamlessly integrates with some of the most popular and powerful accounting software on the market, including ImagineTime and Mango Billing.

### Transparent Pricing

- No annual, monthly, or PCI fees
- \$2.00 per eCheck of any amount
- No card network or other surprise fees
- World-class support based in the U.S.

**3% + 30¢ for all card types**

### Stay Protected

- Over \$150M in processed payments
- 97% increase collection rates
- Reduce time-to-payment from 30 days to 48 hours

### See How Much You Could Save

We'll save you money on your credit card processing fees.

**We guarantee it.**
